VA TRAINING MONITORING SHEET

NAME OF TRAINEE:
What this Is:

This is the Training Monitoring Sheet that we use in training to keep track of the outputs and performance of trainees.

Why We Do This:

The Monitoring Sheet is one tool for quality control of trainee performance in order to detect problems at an early stage and provide corrective action and solutions as soon as possible.

How This is Done:

Complete the fields below with the information asked. Answer honestly and candidly as possible. We encourage you to answer the items in complete sentences rather than in short phrases.

NOTE: Once you upload this training monitoring sheet to your individual trainee folder, make sure to edit and update it directly there instead of using a separate file. Any changes made will be saved automatically. This is to ensure that you are working on it on time.
